Grayling Firefighters Battle Two Blazes at Once

Grayling Township and City firefighters had to battle two fires at once last Friday.

At 8:16 p.m. a fire was reported on Shaw Park Road 10 miles east of Grayling. Less than an hour later a second fire on State Street in Grayling was reported and the fire department split its men and trucks and fought both fires with half crews for several hours.

The fire on Shaw Park Road is believed to have started in an engine compartment of one of two cars in a garage. Celeste Lowry resides at the home next to the garage where the fire broke out.

At the State Street fire, an 18-year-old Lake Orion man was arrested for allegedly interfering with firemen and police officers at the scene. The man is being held in connection with the fire on suspicion of arson. No injuries were reported at either fire.

Weyerhaeuser Fire Extinguished Quickly

Fire developed in the No. 1 drying system at the new Weyerhaeuser Mill in Grayling at approximately 12:40 a.m. Tuesday. It was brought under control almost immediately and extinguished by the mill emergency organization with assistance from the Grayling Fire Department in about 15 minutes.

The fire was contained within the No. 1 drying and conveying system. An automatic fire detection and suppression system worked as designed to suppress the fire and keep it from spreading.

The response by both the mill emergency organization and the Grayling Fire Department to quickly extinguish the fire was reported as excellent.

Damage, if any, will be minimal. The fire is not expected to delay plant start-up efforts which are underway this week.

Construction of the \$60 million facility began in April, 1981. The mill is expected to go into production later this month or early in September. Current employment is 130 people.

The mill will manufacture an oriented strand board product called Structurwood®. It is made from cross-oriented aspen flakes bonded with a waterproof phenolic binder. It is used as a direct substitute for plywood in the floor underlayment and roof sheathing application.

1st Annual Grayling Muscular Dystrophy Golf Tournament Features \$15,000 in Prizes

More than \$15,000 in prizes may be given away at the 1st Annual Grayling Country Club Muscular Dystrophy Golf Tournament Friday, Aug. 27.

First prize for the 3-man team scramble nine-hole tournament is more than \$600 in prizes. Second place finishers receive more than \$300 in prizes. Third place finishers receive more than \$175, fourth place more than \$100, and fifth place more than \$75.

Additionally, more than \$2000 in door prizes will be given away. The big prize, however, is a \$12,000 GM automobile that will be given away for a hole-in-one.

Krumrei Beverage, of Grayling, is sponsoring the tournament, and the 1982 GM automobile will be donated by Scheer Motors, Northern Michigan Land and Oil, and Sorenson Agency.

Free refreshments will be provided at the golf course. Dinner will be included after the tournament. Entry fees are \$75 a team with proceeds going to Muscular Dystrophy. Tickets are available at the Country Club or from Krumrei Beverage. For tee times or more information call Tim Mead, 348-4021 or Doug Marshall, 348-9941.

Duck's Unlimited Sponsors Clay Duck Hunt

In Grayling, the heart of sportsman's paradise, a unique and challenging event will be held for the first time. Duck's Unlimited, in coordination with the Grayling Sportsman's Club, is sponsoring the First Annual Ducks Unlimited Clay-Duck Hunt August 29th.

Held at the Grayling Sportsman's Club's trap and skeet fields on Old Lake Road, there will be three 20-target events consisting of simulated hunting situations such as shooting from a blind and shooting while walking.

Distances will vary from 30 to five yards from release points. As well as trophies, four Taber decoys will be given in four high-score categories.

Drawing prizes will include several guns, art prints and a commemorative shell box. Entries will be by pre-registration only. Contact Dr. Wayne Casler, Duck Hunt Chairman, at 348-9455.

Masons To Meet Outdoors

On Saturday, August 26th the Grayling Lodge will confer two Master Mason Degrees at a special communication. These degrees will be held outside. To find out the location of this you may call Dale Peterson at 348-2389 or Russ Hubbard at 348-8623 or any other active Mason you know.

Lodge will open at 1 p.m. sharp - recess to outside site. First section will be at 2 p.m., second will follow immediately.

Dinner will be approximately at 5 p.m. at the Temple, donation will be \$5.00.

This is a very special event, so please try to attend.

Dale A. Peterson,
Worshipful Master

Still Few Tickets Left for Roast

There are still a few tickets available for the 3rd annual Roast on Thursday, August 26th from Marty VanDeVen or at Mac's Drugs. Tickets will not be available at the door.

Jack Alef will be rolled in dough with side orders of cash cabbage and pickle relish at the Camp Grayling Armory with cocktails at 6:30 p.m. and a prime rib dinner at 7:30 p.m. followed with a cash bar.

Range Firing Conducted

Range firing will be conducted at Camp Grayling during the period Aug 30 - 3 Sept & 7 Sept 1982.

Firing will be performed in the following range areas:

The Small Arms Ranges located west of Lake Margrethe, north of Howe Rd., east of the gas pipeline and south of Portage Creek.

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97.

The ranges will be closed to the public during the period 30 Aug - 3 Sept & 7 Sept 1982 and all persons are warned to stay out of the areas identified.

Close to 6,500 persons visited Hartwick Pines last weekend for the first annual Tall Timber Days. The crosscut exhibition was one of the most popular, Park Manager Joe Martin said, because most visitors could participate and they took home a round wood piece marked with the Hanson-Salling brand.

Nowak Asks for Recount Of District 5 Race Tally

by Jon Thompson

Crawford County Commissioner Walt Nowak — defeated in the August primary by Don Welser 106-95 — has filed for a recount of ballots in his district.

"I have good reason to believe that mistakes have been made in the tally as a result of some 50 spoiled or not acceptable ballots," Nowak wrote in a letter to the Crawford Co. Board of Canvassers asking for a recount.

Crawford County Clerk Nancy Krey said Lansing officials told her it would be three to four weeks before they return ballots to the counties. Any state recounts have to be finished first. Af-

ter the county receives the ballots, the County Board of Canvassers, made up of Edith Kerr, April Andrus, Richard DuBois, and Barbara Selesky will conduct a recount.

"I feel justified in asking for the recount," Nowak said. Nowak has to pay \$10 for the recount in one precinct and could get his money back if mistakes were made.

Even if the final official tally does not change, Nowak will learn if any of the invalid ballots contained votes for him.

He said 12 or more votes picked up from the invalid ballots would mean more

people voted for him overall and would provide impetus for a sticker or write-in campaign. Nowak indicated he will probably conduct a vigorous sticker campaign for the county commissioner seat if the outcome of the recount doesn't give him a victory.

Nowak was the only incumbent commissioner defeated in the August primary. Four others ran unopposed and Chairwoman Jeannette Kitchen defeated her opponent Herluf Moshier 191 to 53. Garland "Bud" Joyce won the other commissioners seat in a newly drawn district with no incumbents.

Carl Naghtin Named As GHS Principal

Carl Naghtin, 44, from Davidson, has been hired as the new GHS principal, replacing Kent Reynolds who took over the district's superintendent position.

Naghtin has served as high school principal at Lakeview Community Schools and at Jenison Public Schools. He also served as Middle School Principal at Jenison and High School Assistant Principal at Romulus Community Schools.

He has a bachelor of science degree from Western Michigan University, a master of arts degree from Western, and he recently completed a specialist in education program at Central Michigan University.

Naghtin taught for seven years before entering administration roles. He and his wife, Marilyn, have been married 27 years and they have three children, one daughter and two sons.

Naghtin, who visited the high school last week, said GHS is a great facility and the curriculum here provides for a good decent education.

His family has a cottage on the north shore of Higgins Lake and they have been familiar with the area for several years. He said they

Ontario Reserves Training Here

London, Ontario-Motorists driving between Toronto and Sarnia last weekend may have encountered long lines of Military vehicles and equipment headed for the United States where about 1300 Ontario reservists will undergo 10 days of intensive field training this month.

From Aug. 21 to 31, five artillery and six armored Militia regiments from across the Province, together with logistical, communications and medical support elements, will participate in live firing, reconnaissance and tactical exercises at Camp Grayling.

The armored units include 1 Hussars (London and Sarnia); The Elgin Regt. (St. Thomas); The Ontario Regt. (Oshawa), The Governor-General's Horse Guards and the Queen's York Rangers (Toronto), and the Windsor Regt. (Windsor).

Members of these units will be training with the Canadian Armed Forces' new Cougar amphibious armored vehicles which were provided to the Militia.

\$6000 Grant Given To Fish Hatchery

by Don Geiss

The Grayling Fish Hatchery reopening was aided last week when the Northeast Michigan Private Industry Council (PIC) approved a \$6000 grant for the project.

A lengthy application was written recently by county Cooperative Extension agent Roy Spangler to obtain funds for a 28-by-40-foot headquarters building on the hatchery grounds and ten vending machines to dispense trout food.

According to committee chairman Bob Smock, the PIC council agreed that the project had the potential of attracting tourists, which would add to the earning potential of the area. He noted that the hatchery will provide employment for a number of persons directly since it will be manned 24 hours per day.

Smock said the headquarters building will house equipment needed to maintain the grounds, fish food, and a tourist information booth. He said that plans are now being made for a brochure that will guide visitors to various sites in the county.

Smock paid tribute to Steve Perry, Spangler, Ralph Stevens, Jack Hull, and Dave VanHill for assisting the Hatchery Committee in obtaining the grant.

Meanwhile, Michigan National Guard local units have begun filling every

their own time to complete the task.

Units of the guard handling the job are the 1438th Engineering Detachment and the 1071st Maintenance Company.

Smock said that it would be virtually impossible to get the project completed and the hatchery back in operation if it were not for the backing of the guard.

A major development recently, Smock said, is an agreement by Dan Catau, owner of King Trout Ranch and Resort, to supply the trout. He said that it is a

50 Here Work Off State Aid

Fifty persons on General Assistance and Aid to Dependent Children worked off their state aid to the benefit of Crawford County in July.

A state plan calls for able individuals to work on public service projects at the rate of \$3.35 per hour, with that money being considered as a payment-in-kind for the monthly welfare check.

According to Ms. Beverly Cuthbert, Crawford County Social Services director, the persons working off their monthly check work at a job equivalent to the number of

Local Historian Stepping Down As County Museum's Director

by Jon Thompson

The Crawford County Historical Museum will be losing one of its main attractions this fall — Elmer Fenton.

Fenton, the director of the museum since its beginning in 1972, will be retiring as director in September.

Future visitors to the museum will be missing a lot. Whenever Fenton is on hand at the museum, visitors are treated to as much historical knowledge about the county as any one person can know. He adds to stories told on the walls on the museum. He knows the stories behind the 500 photographs. He answers questions about visitors' relatives and old buildings or he gives them the name of another county resident who might know some answers.

Although he says he still will be connected with the museum after he steps down as director, it will be hard for him when it's time to turn in his key to the building this fall.

Fenton helped start the museum attending meetings in 1971 and most of the displays were built or made by him. Some of the pictures were taken by Fenton himself and many others came from a scrapbook he owns. More than half the frames around

photographs in the museum were made or bought by Fenton and his wife, Margaret.

"I buy a lot of frames when I'm in Texas during the winter," he said. "One year I had 65 frames to bring back here. Some of our friends were kidding me as we packed the car there, 'Where's Margaret going to sit?'"

Fenton started collecting historical photographs and clipping articles as a young man in Grayling. A resident since 1914, Fenton taught in Grayling schools for 23 years and was principal here for 12 years. He saw the town change from a booming mill-town to its present state.

When the museum first opened in 1972, about 100 photographs were on display. In ten years, Fenton has helped build the amount to more than 500.

"A lot of people will visit the museum and then go home and dig around to see if they have any old photos," Fenton said.

A new addition to the museum this year is a memorial display stand donated by the Herbert Stephan family. It houses a photo display of the Stephan family and other pioneer families. Fenton says he hopes to soon add two large drawings of the old railroad roundhouse area in town.

Hanson Park Sets Rates For Ski Season

Rates for the 1982-83 ski season as well as the schedule for skiing have been established at Hanson Park. The biggest change in the program over last season is the addition of a Cross Country Membership. Other changes at the park include additional rental equipment, both downhill and cross country, additional lockers and a renovation of the rental shop.

Full ski memberships to Hanson Park, which includes both downhill and cross country will be sold from now until January 1, 1983. Full membership prices are \$112.50 for students, \$137.50 for adults and \$250.00 for a full family membership. These prices are the same as those established for last season. All memberships purchased prior to November 1, 1982 will receive a 10% discount. Prices for the new Cross Country Only Membership are \$20.00 for students, \$30.00 for adults and \$50.00 for a family.

Tow fees for the coming season have been set at \$7.50 for students and \$8.50 for adults with the evening fare being set at \$4.00 and \$4.50. Prices for the cross country trails have been set at \$2.00. Rental rates for the coming season have been established at \$7.50 for a full day and \$4.00 for the evening. Cross country equipment will be rented for \$5.50. Skates will be rented for \$2.00 per day and lockers can be rented for \$12.50 for the season.

Plans presently call for Hanson Park to open for skiing on December 26 and remain in operation until March 20. Naturally, snow conditions can change the planned opening and closing dates. Regular ski hours for the park will be from 10:00 a.m. until 5:00 p.m. on Saturday and Sunday and from 7:00 p.m. until 10:00 p.m. on Monday, Thursday, Friday and Saturday with the Monday evening ski being reserved for adults only. The park will be open for cross country skiing from 9:00 a.m. until 9:00 p.m. daily.

Camp Petawawa, Ont.

Canadian units have trained here the past three summers. About 4,000 members of the Ohio National Guard's 73rd Infantry Division will be training here during the Canadian concentration.

Col. W. Robert Newman, commander of London Militia District and exercise director for the armored units at Camp Grayling, says the excursion by Canadian Militia units into the U.S. is part of the Canada-U.S. small unit exchange program which gives units of both countries an opportunity to train with their NATO partners. "Camp Grayling," Newman explains, "is an ideal location for large scale military manoeuvres."

Col. Ralph D. West, commander of Windsor Militia District, is the overall commander of the summer concentration at Camp Grayling. Exercise director for the Artillery units is Col. Michael J. Day, commander of Northern Militia District.

Fenton

(Continued From Page 1)

Fenton said the number of persons visiting the museum increase each year. As many as 2500 may have viewed the various scenes, furniture, and tools displayed from Crawford County's history. Only Crawford County items are displayed at the museum, whose displays rank among the best of northern Michigan museums.

Although he's pleased with the present museum displays, Fenton wishes he had more wall space and room to display them.

"I wish some rich person would donate money to build an addition," he said with a grin.

A history enthusiast to the heart, Fenton

will correspond with inquirers wanting to know more about railroads to Deward or their family history here. He also helps museums and professional historians track down information. Recently he supplied an Indian museum in Indiana with information about Grayling's own Chief Shoppenagon.

The historical museum will be open until the middle of September 10 a.m. to 12 noon and 1 p.m. to 4 p.m. staffed by the Retired Senior Volunteer Program. But if a visitor is lucky enough, he'll be able to talk to the main attraction of the museum, Elmer Fenton, one more time before he steps down as director.

Ms. Cuthbert said that 19 of the workers have been busy at Hanson Hills and became so involved with the public benefit in the project that they worked over 100 hours extra during the month.

Other locations in the county where individuals have been at work include Crawford Co. Public Transit, Grayling City work, Day Care Center, Camp Grayling, AuSagra Acres, Grayling Airport and Dept. of Natural Resources at Higgins Lake.

Ms. Cuthbert pointed out that the dollar equivalent in labor for the month amounted to \$11,376. She said that this state policy returns to the taxpayer public service for the benefit of all.

The Bible Speaks

From Calvary Baptist Church

Romans 9:4,5.

Of all the people on earth, God chose Israel and adopted her for His own people. (Exodus 4:22,23. This was God's election or choice. God came down and dwelt in the midst of Israel in her tabernacle and later in her temple. Here the glory of God was visible. God made covenants with father Abraham, Moses and David concerning their future. God gave His law to Israel to direct her in her political, social and spiritual areas of life. "The service of God" was given to Israel through the priesthood within the tabernacle and temple. God gave Israel hundreds of promises in the Old Testament; some conditioned upon their obedience, and others upon the unconditional sovereignty of God. God gave Israel her founding fathers, the patriarchs. Finally, God took a human body in the womb of a Jewish virgin, and physically identified with the nation of Israel. No other nation in history has been so blessed and honored by God.

Chapter 9 begins with Paul's burden for his people, the Jews. "I say the truth in Christ, I lie not, my conscience also bearing me witness in the Holy Ghost. That I have great heaviness and continual sorrow in my heart. For I could wish that myself were accursed from Christ for my brethren, my kinsmen according to the flesh." Romans 9:1-3. Paul's spiritual burden for his people not only brought him heaviness and sorrow of heart, but he loved his people so much he was willing to suffer their torments in eternal hell if that were possible. How much do you and I love the souls of our loved ones??

Paul describes for us the blessings God has given to the Jews in the past. "Who are Israelites; to whom pertaineth the adoption, and the glory, and the covenants, and the giving of the law, and the service of God, and the promises; Whose are the fathers, and of whom as concerning the flesh Christ came, who is over all, God blessed for ever. Amen."

Hold Meeting

Foster Grandparents met at the Holiday Inn at Gaylord.

They discussed plans for a mini-conference to be held at Grayling Holiday Inn Oct. 25th & 26th.

The Foster Grandparents are selling knives to pay for their conference so none of the expenses comes out of anyone's tax money.

We also elected Alice Walker as a new member to the Advisory Council.

There were 29 Foster Grandparents in attendance.

Laser System Brings Realism To War Games For Buckeye Brigade

by SSGT. Davida Matthews

Camp Grayling-The dry snap of a twig was the soldier's first warning that his position had been discovered and the enemy was now behind him. Before his half-turn was completed, a continuous buzz sounded from a device attached to his uniform. With a sigh, the "dead" soldier slipped a key from his rifle to deactivate the device and his weapon at the same time.

The soldier was "killed" by a system called MILES, short for Multiple Integrated Laser Engagement System.

During their annual training at Camp Grayling, Mich., members of the 73D Infantry Brigade (Separate), Ohio Army National Guard, have been using the laser devices on a number of weapon systems and in a variety of situations.

MILES uses low level, eye-safe laser light to simulate live fire and can be used with M60 machine guns, individual weapons such as the M16 rifle, and the TOW missile system. When the operator aims and fires the weapon at a target equipped with a detector, the detection device emits a short tone or buzz for a near miss and a continuous tone for a hit.

"With this system we can conduct realistic missions because we have realtime feedback, just as if a bullet was fired," explained MSgt. Hans Woesner with the Brigade Operations and Training Section.

"The soldier or operator has immediate knowledge of the results of his actions. He remains alive when he performs correctly and gets "killed" when he does not."

By the same token, Woesner explained that when troops are getting "killed" off at an alarming pace, it becomes pretty obvious to a commander that either his actions are not appropriate or that his troops may need additional training in certain infantry skills.

"The MILES becomes invaluable to commanders because they can get a realistic picture of the rate at which casualties occur

when they take a specific action without anyone getting hurt," Woesner said.

When a soldier or target such as a personnel carrier is hit by MILES, the continuous buzzer can either be deactivated by the "casualty" which in turn deactivates his weapon, or

by a controller with a key. "With MILES," Woesner said, "a casualty can be brought back to life for purposes of the war game with a turn of the key, enabling missions to be played and replayed numerous times during the course of a training period."

Par For The Course

by Fay Bovee

It's back to Corrine Smith and Shirley Bendig again this week for low of 43 in regular golf play on August 18, 1982. Corrine chipped in for a bird on No. 4 and Shirley had a bird on No. 6. Low net was taken by Babe Adevent with a 31 while low putts was won by Dorothy Walker with 14. Chipping in on No. 3 was Joanne Olsen, on No. 8, Fay Bovee, and on No. 2, Betty Layman. Flight B's Donna Pottoroff took low again with a 33. Doris Birtcher had a low net of 32 and Clara Beaupait had 12 putts.

A chip-in was scored by Doris Birtcher on No. 2. Lacille Smith took Flight C's low with a 53. Flo House, low net with a 32, and Caroline DiPonio, low putts with 16.

A special luncheon guest was Laura Olson, honorary member of the league, and another former member, Marilyn Longworth, stopped in to greet acquaintances.

One more week of regular play remains with President's Day scheduled for Sept. 1.

In the Tuesday Men's League on August 10, Tom Dana won closest to the pin on No. 8, Don Jansen, closest to the pin on No. 9 and Barney Dopp took low net. On Wednesday, August 11, Col. Clingensmith took closest to pin on No. 8 and Bill Ruddy took closest to the pin on No. 9 while Irv McIsaac had low net.

For Tuesday, August 17, closest to the pin on No. 8 was Tom St. Germain and closest to the pin on No. 2 was Bob Scheys while Lee Schoff, Nels Olson, Ab Sager and Bill Ruddy tied for low net.

On Wednesday, August 18, Bill Worden won closest to the pin on No. 2, Al Zigila took closest to the pin on No. 8 and Larry Fields had low net.

Congratulations to Mary Pettengill who scored an eagle on No. 9! Following her drive she used her No. 7 wood to drop it in the hole.

In regular play for the Monday Night League on August 23, Bonnie Donnelly came in with a low of 54, Louise Hatfield had low putts of 17 and Shirley Parks had a low of 16 on holes 6, 7 & 8. In the 60-70 flight Shirley Parks had 61 and Marti Gosling had 19 putts. Irene Wyman had the most improved ringer score.

Election of officers for 1983 was held with Jean Raab elected as president and Shirley Parks as secretary-treasurer.

Monday, August 26, is the final golf night and party and everyone is to bring a dish to pass.

Smock said that donations of any size are welcome and all persons assisting will receive a receipt for tax purposes. He pointed out that collection containers have also been located in many places of business in the city.

Hatchery

(Continued From Page 1) major breakthrough in reopening the facility. He added that Catau has offered fish of trophy size, legal size and newly hatched specimens.

Smock suggested that it could be possible during the Milltown Festival to permit fishing for the legal size trout for a fee in order to provide a fun activity.

Hatchery Committee Member Bill Rutter Jr. discussed the trout supply matter with Catau and said that he was most cooperative in viewing the project as an economic benefit to the county and one where he would gain through the publicity.

The total project, Smock said, under the supervision of the Crawford County Board of Commissioners is working out well. He said that some logistic problems appear from day to day but that is to be expected because the program has many aspects which must be handled. He pointed out that the co-sponsor of the project, the Grayling Regional Chamber of Commerce has contributed the talents of many individuals to the fund raising aspects of the operation. He noted that chamber executive Debbie Branch plays a key role in the organizational structure of the committee.

Smock noted that while the work is continuing according to schedule, contributions have slowed to trickle. He said that apparently it is not because people do not believe that reopening the hatchery will contribute to economic assistance, but rather they have been uncertain of where to send donations. He emphasized that a special fund has been set up through the county and is supervised by Crawford County Treasurer Joe Wakeley.

Checks may be made out to the Grayling Fish Hatchery Fund and mailed to Wakeley at the Crawford County Building.

Smock said that contributions are essential for the planned spring 1983 reopening of the facility because no governmental funds are available to the project. He noted that although all labor has been donated thus far, there are certain vital purchases that must be made, such as ground maintenance equipment and concrete. He also pointed out that at least the first few months of salary must be paid out of contributed funds once the hatchery becomes operational.

Smock said that donations of any size are welcome and all persons assisting will receive a receipt for tax purposes. He pointed out that collection containers have also been located in many places of business in the city.

College Enrollments Decline in 1981-82

Warren M. Hoyt, Executive Director, MPA

The State Board of Education has reported that college enrollments in 1981-82 were down only .29 percent, or 1,545 students, compared to the previous school year.

Results of the board's annual count of all college enrollments showed that 515,304 students were enrolled in the state's approximately 100 colleges and universities.

While enrollment in the state's 15 public four-year colleges and universities declined to 235,027 students, down 7,880 or 3.2 percent from the previous year the state's 29 public two-year community and junior colleges reported increased enrollments totaling 211,874 up 4,073 or 2 percent compared to the 1980-81 enrollment.

The state's independent colleges enrolled 68,406 students, an increase of 2,262 students, or 3.4 percent.

Michigan State University, with 44,887 students, continued as the state's largest four-year college.

The University of Michigan had a larger enrollment, 46,861 but students attend classes on campuses at Ann Arbor, Dearborn and Flint.

Macomb County Community College, with an enrollment of 28,090, is the largest two-year college, while the University of Detroit, with 6,186 students, is the largest private college.

Property Assessment Smallest In Decade

The State Tax Commission has approved a \$98.2 billion level in total property assessments, representing a 6.8 percent increase over 1981's value. That represented the smallest increase since 1972.

The commission said the total property tax bill based on an average 1981 tax rate of 53.36 mills, will be \$5.2 billion, up from last year's \$4.9 billion.

The final assessed value figure was only slightly changed from the preliminary total and the commission changes totals for 16 counties after appealing the preliminary

totals.

The commission says the most rapidly growing class of property value was residential at 8.6 percent.

Other increases were 7.7 percent for farm, 5.6 percent for commercial and 3.3 percent for industrial, while timber cut over dropped 2.7 percent.

Personal property in fixtures, machinery and equipment in stores and plants rose 4.3 percent.

The commission also noted that agricultural and residential property was continuing to pick-up an increasing portion of the tax load, accounting for 66.1 percent of the statewide assessments compared to 65 percent last year.

Business, industry and commercial property accounted for 33.9 percent, a decline of 45 percent in 1945, which the commission said was due, in part, to the growing use of tax abatement and farmland preservation laws.

Court Approves Buy-In by Two Electric Cooperatives

The state Court of Appeals, rejecting arguments by Attorney General Frank Kelley and a public interest group, has approved a plan by two electric cooperatives to purchase an additional \$181 million interest in the Detroit Edison Enrico Fermi II nuclear power plant.

The court, in Attorney General v. Public Service Commission, affirmed the ruling of the commission in approving a loan from the Rural Electrification Administration for Wolverine Electric Cooperative and Northern Michigan Electric Cooperative.

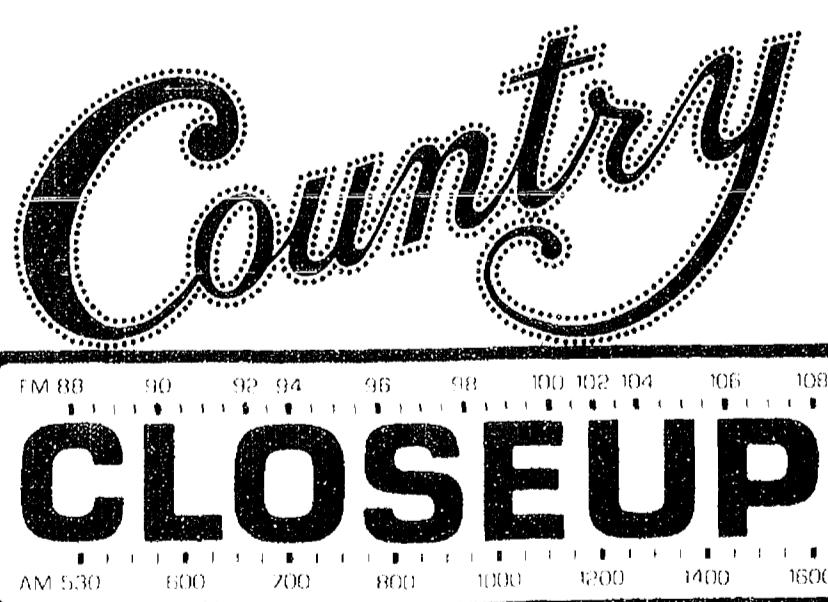

The money was to meet a portion of cost overruns in the project, in which the two co-ops, had already acquired an interest.

Kelley and the Public Interest Research Group in Michigan alleged the plant was unnecessary and unreasonably costly.

The PSC denied PIRGIM's application to intervene and the Court of Appeals agreed, saying the group failed to demonstrate it represented a substantial number of affected parties.

Chicken Charlies

Thank you very much for sponsoring us for the AuSable River Marathon. Wish I could have met you and thanked you personally, perhaps in the future years.

Sponsors mean a great deal to out of state teams in covering expenses, and we appreciate it very much.

With more good sponsors like you at Chicken Charlies there would be more good out of state teams for the race (a little more prize money wouldn't hurt either).

We had a good race, came in 5th place, which wasn't too bad for my first run.

We'll hope to make it again it's one hell of a race.

Thanks so much again

Sincerely,
Dave Sipe

SINCE DAD DIED MOM HASN'T BEEN HERSELF

HOW LONG DOES IT TAKE TO GET OVER THE DEATH OF A LOVED ONE?

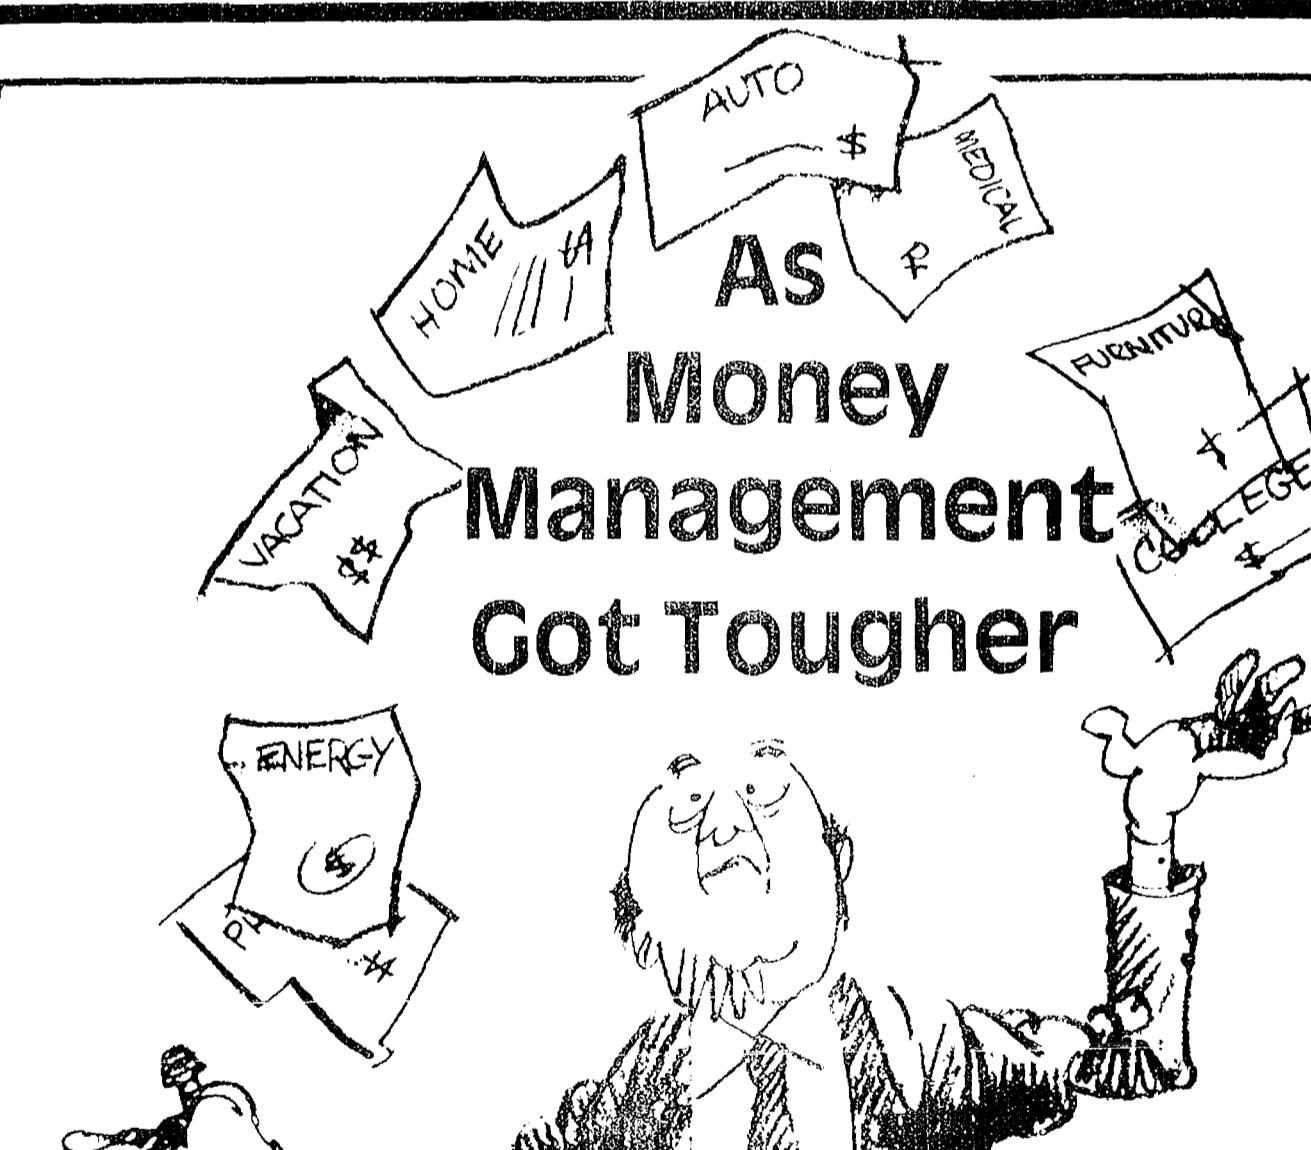

Questions like this are hard to answer because everyone reacts to the loss of a loved one a little differently. In general we can expect the first year after a death to be most trying. After all, we face each anniversary, birthday and holiday for the first time without our loved family member or friend. These events will be a reminder of our loss and may leave us feeling down or blue. The second year without the deceased may be a bit easier but we can't ever expect to completely forget the love we had. Usually, as the bereaved person gets farther away from the death, and as they learn to do more things on their own and with others, they will begin to feel better.

Dixieland Band at Kirtland CC Sat., Sept. 11th

Once again, Kirtland Community College will kick off their 1982-83 Entertainment Series with the popular New Reformation Dixieland Band, with the Opperman Brothers! The performance is scheduled for Saturday, September 11, 1982, at 8:00 p.m. in the College Auditorium. This is the band's third appearance at Kirtland, and their second time opening the Entertainment Series.

The New Reformation Dixieland Band was organized in Saginaw in 1970, and consists of seven talented musicians led by Dave and Nick Opperman. They have had national exposure and acclaim, performing in places such as Chicago, Fort Worth, and Lexington, with greats such as Woody Herman, Count Basie, and the late Duke Ellington.

Tickets for the concert are \$4.00 and \$3.00 for senior citizens and students. They may be purchased at the Dressmakers Shop of Mio, Gould Rexall Drug Store in West Branch, Al's Shirt Shop in Grayling, Roscommon Hardware and Gifts, and in the Kirtland Community College Bookstore. Tickets are also available at the door.

For the second presentation in the Entertainment Series, Danny Gaither in Concert will appear at Kirtland on Sunday, October 10, 1982, at 3:00 p.m. This is the second appearance at the College for this talented gospel group.

For further information on either concert, call the college at 517-275-5121.

another) goes on all the time, day and night, by some of the most interesting and varied wildlife in the out-of-doors. Interestingly enough, even plants such as the pitcher plants and sundews are traps for insects and might also be considered as predators. Insects are eaters of other insects. Spiders, preying mantis and dragonflies are only three of many which prey on other insects. Most birds are predators also since they feed on insects, each other, or animals. If it were not for our avian friends' appetite for insects, I shudder to think just how numerous they might become. Many animals, from the bat which feeds on mosquitoes and moths, to the bear, raccoon, mink and badger, are all predators. Man has replaced such predators as wolves and mountain lions, at least in Michigan and, interestingly, there are predators and prey species of the night. Owls replace hawks; flying squirrels and various mice replace their daytime counterparts. Some have said it is a dog-eat-dog world, but is it perhaps closer to the truth to say it is a predator-prey world.

FREE WUPPETS

BECAUSE EVERYBODY NEEDS A LITTLE CHARACTER.

The furry, friendly Wuppets are back. And this year, they're really characters. There are four different fun-loving Wuppets to collect, including a cowboy, fireman, baseball player and hardhat Wuppet. You can get yours free when you buy a big, delicious 'Papa Burger' or one of our bacon burgers—the Teen Burger® or Teen Burger Supreme®. But, as you know,

these little guys tend to move fast. So, while supplies last, hurry into your nearby participating A & W Family Restaurant and start collecting your free Wuppets today.

Additional Wuppets are available for just 59¢ plus tax.

R & H Wins State District at Petoskey

The Amateur Softball Association held district tournaments at Petoskey, R & H Sports Center from Grayling won four games in a row to win the district. R & H will now play in Lansing over Labor Day weekend for the State Championship in Class double C.

Local Man's Brother Dies

Edward M. Nowak, 73, brother of Walter Nowak of Grayling, died Wednesday, August 18, 1982 at Richmond, Virginia, enroute to their home in Margate, Florida.

Mr. Nowak served with the 45th Div. in WWII, as a Polish interpreter at German prison camps at Dachau and Auschwitz. He and Walt were also business partners in the family clothing business in Alpena for many years.

Survivors include his wife, Blanche; sons, Don of Washington, John of New York, James of Alpena and David of Virginia; daughter, Mary of Georgia; two brothers, Walt of Grayling and David of Alpena; sisters, Lillian Fox and Lucille O'Neil of Alpena, Virginia McDonald of Hillman and Esther Killoran of Florida.

R & H Takes Championship

The R & H softball team from Grayling won the Lewiston softball league championship last week. Their record for the league was 15-1, the team is sponsored by R & H Sports Center, Larry & Janet Raymond, owners.

The team was led in hitting by Rich Alexander, Barry Ewing, Bill Roach, Mark Golnick, and Ron Metzer. The defensive leaders in the field were Bill Skonieczny, Jack Newenfelt, Dwhite Walker, Bruce Burkett, Darrell Metzer and Steve Gardner.

Sibs for Kids Needs Help

Would you like to be involved in a worthwhile meaningful project this fall? You can make a difference in the life of some young boy or girl by becoming a Big Brother or Big Sister. We have many one-parent families in Crawford County and many children who need the special relationship that a Big Brother or Sister can give.

If you would like more information, call 348-2841 ext. 262 or stop by the Sibs for Kids office located in the Miller-Christensen building on West M-72.

**Earns
Scholarship**
Susan Anthony, of Grayling, will receive an Eastern Mich. University Recognition of Excellence Award. The award and \$1000 scholarship is given to students who have earned at least a 3.5 grade average in high school or at a community college before enrolling at EMU.

Dear Fellow Citizen's:
Please allow me to take this opportunity to tell you about a facility which we have here in our community which is not being taken full advantage of, a facility which, I believe, has great economic potential for our area. I am talking about Hanson Park, the local recreation area.

For the past 14 months I have been engaged at Hanson Park as its manager; 13 of those months were on a voluntary basis, without pay. In those 14 months I have become even more convinced of the economic potential of the area, and that's the reason for this letter.

During my 14 months at Hanson Park I have outlined four specific goals which I am presently attempting to fulfill. They are firstly 1. Continue operation of the down hill ski program; 2.

develop the area into a major Cross Country ski area serving the entire mid western portion of the United States; 3. develop Hanson Park into a year-round community recreation area; and 4. complete a comprehensive 5 year plan of park area development.

With references to these goals, the following accomplishments have been achieved thus far. Our 1981-82 ski season ran from December 26, 1981 to March 17, 1982. Approximately 8,000 skiers visited the park and as a result, the park arrived at the end of the fiscal year with over \$1100.00 in the black, a far cry from the \$3,000 plus in the red for the previous year. Work is presently progressing on the cross country ski trails. All trails will be clearly marked, groomed and tracked. There will be a mile

ABWA News

Mrs. Cory Meech Dean has been awarded a Stephen Buffon Memorial Educational grant from the national American Business Women's Association. This grant was announced at the August ABWA meeting.

Guest speaker for the dinner meeting was Carroll Wert who narrated his film, "Jackpine Journey", a tour of the north country through the four seasons.

Sincerely,
Howard W. Taylor,
Manager

Schmidt-VanRooy Speak Vows

Eileen Louise Schmidt and Daniel VanRooy were united in marriage on August 7, 1982 in Grand Junction, Colorado. The Reverend Dan Kellerstof officiated at the two o'clock ceremony.

Accompanied to the altar by her father, Miss Schmidt wore a white satin gown trimmed with lace. The bride's father sang the "Lord's Prayer" for his daughter's wedding.

Janine Seelig was the maid of honor. Charles VanRooy was best man and Robert and Harold Schmidt served as ushers.

Following the wedding, a reception was held at Fairmont Hall for approximately forty five guests.

The bride is the daughter of Howard and Eloise Schmidt of Grayling, and a 1977 graduate of Grayling High School.

The groom's parents are Jack and Gerry VanRooy of Appleton, Wisconsin. He attended Appleton East High School in Wisconsin and was in the U.S. Coast Guard.

WHY THEY GET AWAY!

Fishin' is relaxin' — sometimes too relaxin'!

It's embarrassing to explain that the big one got away because you took a little nap with your rod in the sand.

It's no different explaining why souls get away!

There is a special worship time in the churches of our land . . . the time for parents and youngsters to keep a vital appointment with God. There's so much truth for kids to learn. And so many convictions for grown-ups to apply in every day life.

In selecting his first disciples Jesus talked bluntly to those of us who understand fishin': He expects us to be fishers of men! Bring your children to church every week.

To the People of Grayling, Last week I felt the need to write this letter about the bell at St. John Lutheran Church. There were somethings related to that bell that I wanted to share with our whole community.

First, I want to publicly express my own appreciation for the work that Robert and Peter Funk and friends did in moving the bell to its new location. It's nice to have Methodists helping Lutherans.

Second, I want to say how happy I am that the members of St. John don't think

so much about "our" bell, but about a bell that belongs to the whole Christian community in our town.

Third, I want to share my feelings of amazement and delight at the reactions of the folks at St. Mary's across the street and other people in the neighborhood. Their main concern was that we weren't ringing the bell enough times at 11:00 a.m. on Sunday mornings. So, we have decided to ring it 26 times. That's 10 times for the 10 Commandments, 12 times for the 12 Apostles, 3 times for the Trinity, and one time for the unity we enjoy as the People of God. (Incidentally the bell weighs 750 pounds, so it isn't easy to get it started and to get it stopped. Some Sundays you may hear a couple of extra rings.)

Fifth, you will hear the bell ringing for a longer time on Christmas Eve. Bells have always been a special way for Christians to rejoice at the birth of our Savior.

Sixth, we rang the bell in the middle of the day at the funeral of Laura McLeod. Laura had served the Church and the town in so many ways for over 92 years. If you hear the bell ringing in the middle of the day, don't think that it's a warning about a tornado or a forest fire. It's just being rung to honor a faithful servant of our Creator and Lord.

The bell was given to St. John 90 years ago by Mr. and Mrs. Nels Peter Olsen, the first. We pray that it will always be used as a symbol of the faith and hope and joy of the people of Grayling, Michigan.
